

RADEN DIMAS TAUFIK RAHMAT

DATA ANALYST | DATA PROCESSING | REPORTING

Bogor, Indonesia | radendimas.work@gmail.com | +62 822-6017-0684 | [linkedin.com/in/raden-dimas-taufik-rahmat](https://www.linkedin.com/in/raden-dimas-taufik-rahmat)

PROFESSIONAL SUMMARY

Data processing and administrative analysis professional with 4+ years of experience managing operational data, validating cross-source data, preparing periodic reports, and delivering data-driven recommendations for management. Proficient in Microsoft Excel (VLOOKUP/HLOOKUP, COUNTIF/SUMIF, PivotTable, conditional formatting) and Google Sheets to clean, match, reconcile, and present data accurately through recaps and simple dashboards that support operational decision-making. Experienced in managing partnerships with external vendors, from order coordination to delivery monitoring. Highly detail-oriented, a strong communicator, and accustomed to coordinating with multiple stakeholders to achieve work targets. Currently pursuing a Bachelor's degree in Informatics Engineering alongside a Data Science Specialist program to strengthen data analysis competencies, supported by a completed Bachelor's degree in Islamic Education Management (GPA 3.85).

KEY COMPETENCIES

Data Processing: Data cleaning, validation, reconciliation, deduplication, cross-source matching

Reporting & Dashboard: Daily/periodic reports, simple recaps and dashboards, findings summaries, presentation materials

Analysis: Discrepancy/anomaly identification, issue mapping, operational recommendation drafting

Microsoft Excel: VLOOKUP/HLOOKUP, COUNTIF/SUMIF, PivotTable, conditional formatting, recaps & reports

Administration: Digital/physical filing, document completeness, correspondence, audit documentation, external vendor/partner coordination

Other Tools: Google Sheets, PowerPoint, Word, Dapodik, Git/GitHub, basic SQL & Python

PROFESSIONAL EXPERIENCE

Student One Islamic School | Bogor

School Operator & Administrative Staff (Data & Reporting) | Jul 2025 – Present

- Managed and processed student data for grades 1–6 from multiple sources (attendance, master student records, transfer data, new admissions, national student ID numbers, class groupings, Dapodik) using Excel/Google Sheets.
- Analyzed cross-file data to identify duplicates, missing entries, and inconsistencies, then developed correction recommendations to support leadership decision-making.
- Compiled operational recaps and periodic reports (daily/periodic reports) as the basis for administrative follow-up and school reporting.
- Performed reconciliation of education funds and assets by comparing reports, bank statements, budget documents, and transaction records; logged discrepancies and prepared supporting documentation.
- Established and managed partnerships with several publishing vendors for school textbook procurement, including order coordination, terms negotiation, and delivery monitoring.
- Prepared data summaries and presentation materials for coordination meetings with leadership, the foundation, teaching/administrative staff, parents, and education authorities.

MA Al-Ghiffari Leuwiliang | Bogor

Administrative Staff – Administration & Data Entry | 2021 – 2024

- Performed data entry, updates, and verification of academic records and biodata for hundreds of students in the school database, accurately and with minimal errors.
- Ensured document completeness and consistency before use in routine reporting, administrative needs, and internal audits.
- Managed physical and digital document filing systems for easy retrieval and audit readiness.
- Assisted in preparing routine reports, correspondence, and activity recaps in accordance with applicable education regulations.

EDUCATION

Universitas Siber Asia (UNSIK) | B.S. in Informatics Engineering (Distance Learning) | 2025 – Present

Focus areas: programming, databases, data analysis, information systems, and software development.

Institut Ummul Quro Al-Islami | B.A. in Islamic Education Management | 2021 – 2025 | GPA 3.85

Relevant coursework: Education Management, Education Data Systems, Strategic Planning, Organizational Leadership.

TRAINING & DEVELOPMENT

Asah 2026 led by Dicoding | Data Science Specialist | Aug 2026 – Jan 2027

Raden Dimas Taufik Rahmat | Curriculum Vitae | 2026

Structured learning covering data science fundamentals, data analysis processes, data processing, visualization, and machine learning.

Bangkit Academy 2024 – Google, GoTo, Traveloka | Mobile Development Path | Sep 2024 – Dec 2024

Completed 900+ hours of intensive learning covering Android development, project collaboration, cloud computing fundamentals, and machine learning.

Dicoding Indonesia Academy | Android Development & Data Track

Developed skills in Kotlin, API integration, Git/GitHub, data science fundamentals, and beginner-level data analysis.

RELEVANT DATA PROJECTS

Grade 1–6 Student Data Audit & Harmonization | Student One Islamic School | 2026

Compared attendance, master student, transfer, national ID number, and class placement data; identified duplicates, missing data, and inconsistencies to compile a correction list.

Education Fund Reconciliation | Jan–Jun 2026

Matched budget reports, bank statements, transaction records, and supporting documents; mapped discrepancies and prepared recaps for follow-up.

New Admission & Payment Status Recap | 2026/2027 Academic Year

Categorized new, transferred, and alumni student data; compiled batch registration and payment status recaps for administrative monitoring.

ORGANIZATIONAL EXPERIENCE

Novo Club by Paragon Corp | Regional Head – Good Leader Good Teacher | Mar 2022 – Aug 2023

Led coordination of leadership and teaching programs and developed activity plans with the team.
